## PARKING DISPLAYS FOR SMARTCITY

Accurate information is very important for motorists searching for a parking space in towns, cities, at airports. Parking display helps locating free parking spaces, reducing traffic, vehicle exhaust emissions, noise, fuel consumption.

DYSTEN Ltd – awarded polish company – has been providing highest quality solutions tailored to the client’s needs, location and budget for 20 years.

The solutions developed by Dysten have won numerous awards such as:

- Technical Innovation of the Year 2018 - London 2018
- Best Customer Initiative - London 2018
- Smart City Poland Award - Łódź 2019
- Best Railway Passenger Information Displays Manufacturer in Europe 2018
